practice the skills you'll need to succeed in health insurance billing corresponding to the chapters in *Health Insurance Today* 3rd edition by Janet I. Beik. This workbook offers preparation for the tasks you'll encounter on the job. Practical assignments reinforce the information in the textbook, and learning activities and exercises ask you to apply your knowledge to real-world situations. Defining chapter terms ask you to define the key terms in each chapter. Chapter assessments test your knowledge of textbook content with multiple choice, true/false, short answer, and fill-in-the-blank questions. More than 60 case studies ask you to solve a real-world problem related to health insurance, such as completing a CMS 1500 claim form or explaining how HIPAA could affect someone recently out of work. Critical thinking activities strengthen your ability to apply health insurance concepts to a variety of challenging situations. Group problem-solving activities emphasize the importance of teamwork in the health care field. Internet exploration exercises in each chapter introduce valuable health insurance resources available online. Performance objectives include hands-on application-based learning activities with practice in areas such as completing claim forms, posting payments to a patient's ledger, filling out release to return to work forms, and filling out Medicare appeals application exercises. Exercises ask you to apply your knowledge and skills to real-world situations. Additional coding exercises offer more practice with coding from the ICD-9-CM and CPT manuals. Self-evaluations include a checklist of what you should have completed for each chapter. Performance evaluations in each chapter track your progress and your overall performance in the course. Updated: Conquering Medicare's Challenges chapter reflects the latest changes to Medicare coverage of the electronic health record. Has been added to the role of computers in health insurance. Chapter ICD-10-CM and ICD-10-PCS content has been expanded to address medical coding's transition from ICD-9. Information on the latest standards for HIPAA transaction 5010 is included on the companion Evolve website. Medisoft version 16 exercises let you apply skills using standard medical office software. Medisoft sold separately. Electronic forms make it easy to complete workbook exercises on the computer and turn in clean claim forms to your instructor. Guided completion software gives direction and corrects your work as you complete a CMS 1500 form block by block.

gain real-world practice in insurance billing and coding corresponding to the chapters in *Fordney's Insurance Handbook for the Medical Office* 13th edition. This workbook provides realistic hands-on exercises that help you apply concepts and develop critical thinking skills. Study tools include chapter overviews, key terms, chapter review exercises, and case study assignments. Key terms and abbreviations lists at the beginning of each chapter provide a quick reference to the health insurance terminology you need to know. Critical thinking assignments help you connect theory to practice with real-world scenarios. Self-study exercises including matching, true/false, multiple choice, mix and match, and fill-in-the-blank questions help you practice important concepts. Performance objectives make learning easy by highlighting what you need to accomplish in each chapter. Study outlines focus your review by listing key points for each chapter. Updated content reflects changes in the text, ensuring you have the latest guidelines and

regulations for medical insurance billing and coding available updated coverage of key health insurance topics includes hipaa compliance the hitech act health reform of 2010 electronic health records nucc standards physician quality reporting system pqr incentive program meaningful use and cpt 2013 new cms 1500 02 12 claim form includes block by block explanations and examples updated icd 10 coding information prepares you for the icd 10 transition updated self assessment quizzes on evolve test your knowledge of the material in each chapter updated guidelines for the filing and submission of electronic claims include sample screenshots preparing you for the future of the medical office
