drive lasting change with a new nimbler organization focused on continuous change our organizations are stuck we talk about agility but find ourselves bogged down in bureaucracy we aspire to innovate but run into systems built to prevent mistakes not spark breakthroughs we need to learn and adapt but we're operating

with an outdated playbook built for efficiency and control and our attempts to fix all this by pouring trillions into huge top down transformations make the problems worse but there is a better way building an octopus organization one of nature's most intelligent and curious creatures the octopus is everything your organization needs to be smart endlessly adaptable and highly resilient its eight tentacles work in concert but each can also think for itself this book shows how to achieve the same balance of cohesion and autonomy and to guide your organization toward a living breathing system one that learns adapts and thrives by tapping into the distributed intelligence of its people drawing on their experience at companies such as amazon and mcdonald's and work with hundreds of global companies aws executives phil le brun and jana werner show you how to break away from the broken model of transformation and embrace continuous change they share thirty six antipatterns conditioned habits that keep us stuck and in their place provide levers that create meaningful improvement in months not years the octopus organization is your guide to moving beyond rigid structures and nurturing the living adaptable organization you aspire to create and be a part of

while you can't personally transform the corporate culture you can influence the workplace climate and create meaningful and lasting change supported by the latest research this eye opening book argues that our best work is the product of a positive environment when it comes to work these days we're expected to do more with less but is this nose to the grindstone philosophy the best way to run a business alarmingly low employee engagement numbers indicate otherwise so if pushing everyone harder isn't the path to productivity what is advocating a steward model of management the optimistic workplace reveals how to explore personal and organizational purpose and align them for astonishing results overcome resistance and skepticism build camaraderie and deepen loyalty increase intrinsic motivation help your team find meaning in their work identify goals collaboratively and track progress examples from companies large and small demonstrate how this people centric focus ignites employee potential increases innovation and catapults the organization to new levels of performance the optimistic workplace presents an array of surprisingly simple strategies as well as practical 30 60 and 90 day plans designed to focus your actions and make employee optimism not just a worthy goal but a real and measurable result

when it comes to work these days we're expected to do more with less but is this nose to the grindstone philosophy the best way to run a business alarmingly low employee engagement numbers indicate otherwise so if pushing everyone harder isn't the path to productivity what is supported by the latest research this eye

opening book argues that our best work is the product of a positive environment that's good news for you as a manager while you can't personally transform the corporate culture you can influence the workplace climate and create meaningful and lasting change advocating a steward model of management the optimistic workplace reveals how to explore personal and organizational purpose and align them for astonishing results overcome resistance and skepticism build camaraderie and deepen loyalty increase intrinsic motivation help your team find meaning in their work identify goals collaboratively and track progress and more examples from companies large and small demonstrate how this people centric focus ignites employee potential increases innovation and catapults the organization to new levels of performance far from being a wish upon a star discussion of workplace happiness this book presents an array of surprisingly simple strategies as well as practical 30 60 and 90 day plans designed to focus your actions and make employee optimism not just a worthy goal but a real and measurable result

the dramatic effects of downsizing mergers and reengineering have created a climate of fear in the workplace fears that generally go unacknowledged the alchemy of fear teaches us how to accept our emotions in order to become empowered and to take back our power over these fears our emotions are rich with information which could make our organizations run effectively while freeing creativity energy and joy into our workplaces the alchemy of fear is a handbook for action drawn from the author's extensive experience it examines workplace fear what emotional competence looks like at work how we handle fears at work and the love and energy that result when we do these things nothing improves a group's effectiveness or their spirit more quickly than changing the relationship members have with fear kay gilley brings nearly 30 years experience working in general and human resource management to her current work as a leadership and organizational development consultant specializing in guiding the development of leaders and what she calls intentional organizations

this volume of new directions for adult and continuing education is designed to help readers examine current issues surrounding workplace learning programs and incorporate these ideas into their own professional practice

we live at a time when the competitive capitalist model of action has eclipsed all other contemporary social and economic models and threatens the greater cooperative good of society neoliberalism is an attempt to reimagine governance in an age of mass democratic policies by its intention to inoculate capitalism against the

threat of democracy education for action a curriculum for social activists sees social action as a vital vehicle in challenging this intense individualistic managerial and competitive ethos such action is a collective transformative response to capitalism which combines local activism community development and the advocacy of social political and economic rights to help committed citizens initiate stimulate and support social change at both local and global levels the book explains the methods instruments theories and practices that help educators encourage activists to build power amongst concerned individuals using a curriculum that emphasises the importance of critical theory and which is accessible to everybody and rooted in their community the author also stresses the vital role of education in helping activists resist the ideologies actions and slogans imposed on society by authoritarian powerholders while simultaneously regenerating grass roots politics and its belief in the viability of collective solidarity and social activism

this groundbreaking study reveals the vital perspective women bring to business and how to make sure your organization takes full advantage of it women and men experience the world differently they not only see things differently they also see different things men tend to have a bottom line linear way of thinking women are more empathetic more aware of the critical impact of interpersonal factors both within and without the organization everyone knows that both perspectives are important yet organizations only reward traditionally male points of view drawing on extensive research and workplace experience sally helgesen and julie johnson demonstrate that the female perspective is the underutilized asset so many companies need to succeed they delve into the stories of women whose vision improved their companies even as they had to struggle against unresponsive organizations dismissive managers and their own personal fears the female vision also show how companies can create environments that welcome and encourage women to share what they notice to the benefit of the organization as a whole including the bottom line

in one survey 61 percent of employees said that workplace stress had made them sick and 7 percent said they had actually been hospitalized job stress costs us employers more than 300 billion annually and may cause 120 000 excess deaths each year in china 1 million people a year may be dying from overwork people are literally dying for a paycheck and it needs to stop in this timely provocative book jeffrey pfeffer contends that many modern management commonalities such as long work hours work family conflict and economic insecurity are toxic to employees hurting engagement increasing turnover and destroying people's physical and emotional health and also inimical to company performance he argues that human sustainability should be as important as environmental stewardship you don't have to do a physically dangerous job to confront a health destroying possibly life threatening workplace just ask the manager in a senior finance role whose immense workload once handled by several employees required frequent all nighters leading to alcohol and drug addiction or the dedicated news media producer whose commitment to getting the story resulted in a sixty pound weight gain thanks to having no down time to eat properly or exercise or the marketing professional prescribed antidepressants a week after joining her employer in dying for a paycheck jeffrey pfeffer marshals a vast trove of evidence and numerous examples from all over the world to expose the infuriating truth about modern work life even as organizations allow management practices that literally sicken and kill their employees those policies do not enhance productivity or the bottom line thereby creating a lose lose situation exploring a range of important topics including layoffs health insurance work family conflict work hours job autonomy and why people remain in toxic environments pfeffer offers guidance and practical solutions all of us employees employers and the government can use to enhance workplace wellbeing we must wake up to the dangers and enormous costs of today's workplace pfeffer argues dying for a paycheck is a clarion call for a social movement focused on human sustainability pfeffer makes clear that the environment we work in is just as important as the one we live in and with this urgent book he opens our eyes and shows how we can make our workplaces healthier and better

winner of the shingo research and professional publication award everyone knows that in order to reach optimum levels of health you have to exercise and that you have to keep at it day after day after day no big secret here it's the same with process improvement and specifically lean processes everything there is to know about lean has been revealed countless books articles and seminars provide business leaders all the information they need to understand how lean works and how effective it can be when fully implemented again not a secret why then do companies invariably fail in their pursuit of operational excellence the same reason

people fail to trim fat through exercise they don t do it they try to squeeze it into their schedule they don t make it part of their schedule and inevitably it becomes less of a priority in the same vein too many business leaders see process improvement as a project something separate from the more pressing goals of profits and growth that s where they go wrong and that s where building the fit organization comes in in this practical hands on guide markovitz walks you step by step through the process of making lean as intrinsic to your company as the pursuit of profits you will learn how to make an unshakeable commitment to increasing the value provided by doing the right work in the right way with continuous monitoring of processes and structured coaching for everyone you don t need another book about lean what you need to learn is how to make process improvement your company s purpose like a serious athlete you re warmed up you know what lean is and how it can help your organization now it s time to perform building the fit organization is the next step to creating a company that can compete on the toughest of playing fields

two top experts on high performing organizations show you how to reframe your and your employees relationship with fear and anxiety to create a learning culture of engaged workers at the top of their game fear and uncertainty have been undermining performance and well being in the workplace for as long as we have had workplaces here s a little known fact of business mismanaged fear is responsible for almost all of the dysfunction that most organizations experience while fear can drive short term results it does so at the cost of high employee burnout and turnover it also undermines long term business performance but we can t eradicate it entirely it is inherent to the human condition winning organizations aren t fear free they know how to reframe fear into opportunities for learning and growth they create resilient cultures of unfear in this timely and essential guide mckinsey alumni gaurav bhatnagar and mark minukas show leaders the impact of fear its biological underpinnings and the archetypes through which it is expressed as patterns of behavior in organizations the strategies techniques and actions to bring about an unfear transformation the process begins with yourself how to become an unfear individual transformation doesn t start with systems and structures but with mindsets and behavior how to build unfear teams employee well being leads to high performance for your business how to build unfear organizations this proven approach to workplace anxiety reduces stress boosts engagement and overcomes obstacles that get in the way of success it leads to personal rewards greater profits and sustainable growth this is only possible with a culture of unfear

axiom business book award silver medalist in leadership soundview best business book a highest rated ceo who

has transformed his organization into a billion dollar company and a top place to work shows leaders how truly prioritizing employees isn't just good for employees it's good for business imagine a company where everybody loves to work where employees feel not just satisfied but truly cared for respected and energized think of the impact this would have on recruitment retention customer satisfaction innovation and overall performance aron ain the award winning ceo of kronos a global provider of workforce management and human capital management cloud solutions believes that anything is possible when people are inspired by embracing employee development and engagement as a growth strategy ain transformed his company's culture and built a billion dollar business this book takes leaders and managers inside kronos's highly admired workinspired culture showing them the surprisingly simple rules to follow to replicate that success ain's inspiring guide reveals the best practices that have earned kronos distinctions on coveted lists such as glassdoor's 100 best places to work fortune's 100 best companies to work for forbes's america's best employers and the boston globe's top places to work these include over communicating and truth telling trusting your people again and again holding managers accountable for being great at what they do allowing employees flexible schedules and open vacation time challenging your people to put the company out of business with new and revolutionary ideas and welcoming back boomerang employees many executives talk about how their people are their greatest asset ain challenges leaders to walk the talk and put people first whether they oversee a team of five or an organization of 500 000 when they do employees won't be the only ones who thank them customers and shareholders will too

smith and kearny show readers how to design workplaces so they support good performance instead of getting in the way drawing on research from environmental and cognitive psychology workplace design human factors organizational behavior and performance technology this book illustrates the connections between physical and sensory work environments and human performance line drawings and sample floor plans approx
